

## York Show & Grading event - York 7th August 2025

The first York grading event was held on the 7th of August 2025. The event was held at the York auction mart. This event was arranged by the Society due to Bluetongue. The event was planned early in the season after Jenny Campbell contacted breeders in affected areas to see what interest there would be in an additional grading event. The Society were very quick to agree and the event went ahead. York was chosen due to Mart availability a date that avoided other shows its central location with a well connected road network.

54 sheep were originally entered by 12

breeders, unfortunately on the day the number reduced to 37. Some excellent sheep were exhibited, with a high number being graded minus one. The overall supreme champion went to Puddle Lane Mutts Nuts owned by Fiona Taylor & G Mantle. With reserve champion going to Cheshire Lovely owned by Steve Dace.

A massive thanks to the Graders Jamie Wood, Gerallt Jones & Raymond Irvine for their time and travelling to the event.

Special Thanks to Kerry Cosello Jones, Tom Blackwood & Rachel Collinson for their help on the day.
